Dear Honorable Jason Kennedy,

I've been active in commercial and residential Real Estate market in Ontario since 1988, through the years I've attracted lots of investors to Canada and helped them to establish their investments as well as businesses, I also trained and mentored number of new immigrants from Korea, Russia and Iran in Real Estate business which as a result we have helped the Canadian economy to grow.

I've left Iran due to the political situation in early 80's due to the lack of freedom of believes among other serious human right issues. I heard that Immigration Canada is about to deport Mr. Jalaluddin Mahtash who I know personally infect two times a week we do meditation together for the past year, the meditation group we both have initiated is The House of Sufism (Khaniqahi Nimatoullahi) the root goes back to Iran's civilization about 4,000 years ago, it is a school of Love. In Iran if you believe other that what the supreme leader believes you will be subject to execution.

Mr. Jalaluddin Mahtash is a married man and he has a child who are both here in Canada, we both know that by him going back to Iran God knows what would happen to him even if he can survive the government's treat it will take years before he can see his wife and his teenage boy. He is a hard working man and he believes in values that we believe in.

Thank you for your understanding your honor.

Yours truly
